

This architectural drawing shows a building facade with a series of horizontal lines representing siding. At the top, there is a row of small, square ventilation louvers. Below them are four windows arranged in a 2x2 grid. Each window has a dark frame and a small handle on the left side. The windows are set into a light-colored wall. At the bottom of the facade is a large, dark-framed door with a glass panel on the right side. To the right of the door is a vertical line, possibly a hinge or a wall edge.

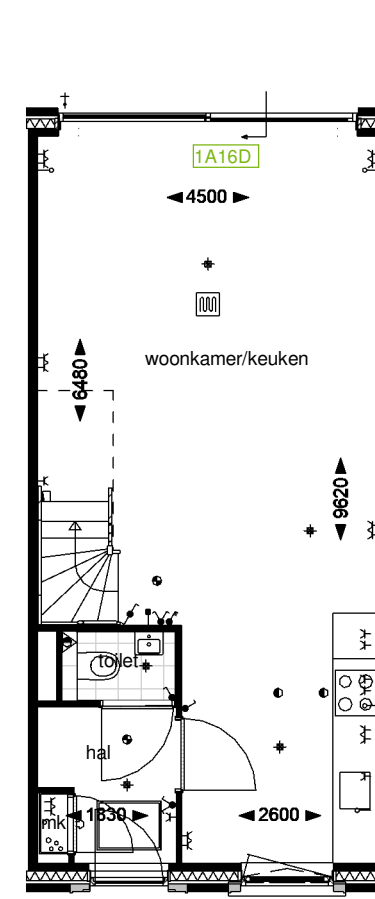

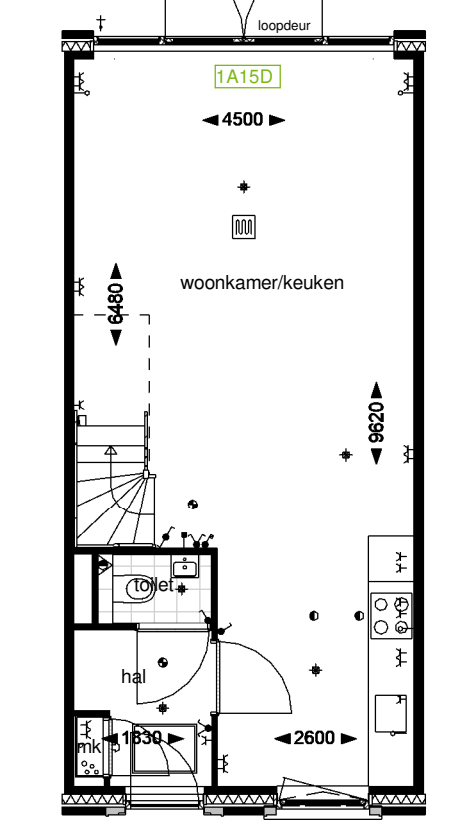

This architectural drawing shows a facade with a large, multi-paned window on the left and a smaller, square window above it. The window frames are decorated with diagonal lines. The building has a textured, possibly stone or brick, facade.

Technical drawing of a house facade. The drawing shows a dormer window with a green label 'A23' below it. The facade is composed of horizontal lines representing siding. The dormer window has a white frame and a dark roof. The main house has a white door and a window with a dark frame. The drawing is a black and white line drawing with a green label 'A23'.

This architectural drawing shows a two-story building facade. The ground floor features two large, side-by-side windows with dark frames and light-colored panes. The first floor has a small square window on the left and a larger rectangular window on the right, both with dark frames and light-colored panes. The building is set against a plain background.
